Stormwater Basins in Ocean County?

Announcing the launch of a new Google Map-based website that will assist in your efforts!

The Stormwater Management Information System (SWMIS) is a suite of innovative internet-based geospatial tools to facilitate the display, assessment and analysis needed for the stormwater and sediment control planning, permitting, management and mitigation processes.

Join the webinar to learn how to use this new online stormwater management tool.

October 27, 2009

1:30pm—3:30pm

Minimum Technical Requirements:

- A phone line for listening to the voice portion
- A 56K, cable modem, ISDN, DSL, or better Internet connection

Register:

www.jcnerr.org/coastal_training

-or- call Lisa at 609-812-0649 X204

Registration is limited.
